# LONG-RANGE WIRELESS CAMERA SYSTEM

## What Other Trail Camera Can Help You Market Your Business?

None, at least not as effective or as easy as the BuckEye Cam Orion wireless series! With the help of the LiveCam feature, your BuckEye Cams can make your business money by accelerating your marketing strategy to the next level.

### Turn Prospects into Customers!

Add the sizzle to the steak when you're selling the meat! By embedding your pictures into your website (with code that we provide), you can showcase your game and your business. It's the easy way to convince your prospects to spend their money with you.

You know how special your business is, now clue your prospects in with BuckEye Cam pictures. When the "I will have to think about it" prospects view the quality of game photographed by your BuckEye Cams, and showcased on your website, they will be sure to book their hunt with you.

## Your Time is Valuable!

Not only will the BuckEye Cam make you money, it can also help you save money. No longer are you forced to contaminate your hunting ground to retrieve your trail camera pictures and then spend hours uploading them to your website, the BuckEye Cam Orion wireless series has the ability to do it for you...automatically! While the Orion PC Base Software is receiving and uploading your pictures, you can be doing other things like relaxing or spending time with your family. Your time is valuable, spend it wisely!

## Generate Traffic to Your Website!

The BuckEye Cam LiveCam (<http://livecam.buckeyecam.com>) site receives over 1000 *unique* hits per day; wouldn't it be great if you could generate some of that traffic to your site? When visitors visit the LiveCam site they may click on a thumbnail that directs them to your LiveCam site. Greet them with your special logo that is directly linked to your business website.

Team up with BuckEye Cam and take advantage of all the tools offered to *grow* your business!
